

# Canadian Waste & Recycling Expo

On November 3 & 4, 2010, the Canadian Waste & Recycling Expo (CWRE) will return to Toronto.

Celebrating our 13th year, CWRE is Canada's only national tradeshow serving the waste, recycling and public works market.

"The Canadian Waste and Recycling Expo is dedicated to bringing together the highest quality exhibitors and visitors," said Show Manager, Arnie Gess. "The 2010 event will once again focus on the new trends and technology in waste and recycling attracting a collection of serious buyers from private industry as well as federal, provincial and municipal governments."

Prominent exhibitors are expected to showcase their cutting-edge products and technologies to the most qualified audience across Canada. In addition to leading Canadian companies, CWRE will welcome several U.S. based companies as well as a few from Europe.

Complementing our dynamic show floor presentation, there will be thought provoking presentations, educational seminars and several networking events.

CWRE focus areas include collection, hauling,

processing and disposal of waste; materials recycling, municipal recycling programs including blue box programs. MRF's, scrap metal, C&D, wood, plastic, paper, auto, tires, fiber and more.

This event will draw buyers representing collection, hauling, disposal service companies; construction/demolition companies; consultants/engineers; facility/site operators; ICI (industrial, commercial & institutions); landfill operators; manufacturers with waste streams; property managers; recycling coordinators; transportation/fleet maintenance personnel; waste managers; federal, provincial and municipal government employees responsible for waste management and public works; airport managers; road supervisors; lawyers related to the sectors; industry publishers and industry associations.
